

November 18, 2019

Dear NASCOE Member:

Dillard Financial Solutions, Inc. has been helping federal employees understand and maximize their retirement benefits for over 30 years, and since 2013 we have been privileged to provide this wealth of experience to NASCOE members as your association's national benefits provider.

Now for more than six years, our team of fully trained and licensed representatives has been crisscrossing the country providing educational workshops at conventions, rallies, and local state-association sponsored events. Additionally, many NASCOE members have met with us one-on-one to discuss details about their retirement benefits and plan.

We take seriously the questions asked about your hard-earned benefits and the follow-up requested by NASCOE members at these events. We are here to serve every NASCOE member and take extreme pride in 100% customer satisfaction.

If your follow-up is slow or you have unanswered questions, please do not hesitate to contact me directly by email at nascoe@dillardfinancial.com or by phone at 803-316-6240.

Thank you again and we promise to continue working hard every day to maintain the high level of confidence that NASCOE and its members has shown in us.

Sincerely,

Steve Dillard *Teresa Dillard*
